IDEAS

↑ STAY BRIGHT
For walls exposed to a lot of natural light, fade-resistant wallpaper is a must

LOFTY IDEAS

← By combining several roof windows you can create a great panoramic view from a converted attic space, while bringing more sunshine into your home. These centre-pivot windows by Velux are operated via a top control bar, which means they're easy to open, even if you choose to place furniture below them.

COST: FROM £616

DESIGN TIP

Drainage is an essential consideration if you want to create a level threshold between *indoors and out* as you'll need to make sure any *rainwater runs away* from the house

PERIOD STYLE

→ Choosing window and doors in keeping with the age of your property will enhance both its value and visual appeal. These stylish Crittall designs from Clement Windows complement the slightly industrial palette of materials used elsewhere in this extensive house renovation by Stiff + Trevillion Architects.

COST: AROUND £8,000
